EXPERIENCE

Software Engineer

Icomm Technologies

📅 06/2023 - Present

Software Engineering company focused on developing scalable solutions

- **Led the end-to-end development of a Payroll Management System**, streamlining key processes including salary calculations, tax deductions, and employee record management to improve operational efficiency.
- Specialized in building responsive, user-centric interfaces using Angular, while developing secure and scalable backend services with Node.js and managing complex data operations using SQL Server.
- Designed and implemented RESTful APIs to ensure seamless communication between front-end and back-end systems, collaborating effectively with cross-functional teams including QA, product managers, and designers.

Intern

Icomm Technologies

📅 01/2023 - 06/2023

Software Engineering company providing internship opportunities for skill enhancement

- **Acquired practical experience in full-stack development** during internship by contributing to both front-end and back-end tasks, enhancing skills in building interactive UIs with Angular and developing server-side logic using Node.js.
- Developed responsive, dynamic user interfaces using Angular, ensuring cross-browser compatibility and optimal performance across devices.
- Developed secure, scalable APIs using Node.js, incorporating authentication, data validation, and error handling to support seamless application functionality.

EDUCATION

MCA / Master of Computer Applications

Ayya Nadar Janaki Ammal College

📅 06/2021 - 05/2023

BCA / Bachelor of Computer Applications

Ayya Nadar Janaki Ammal College

📅 07/2018 - 05/2021

SUMMARY

I am a full-stack developer with 2.5 years of experience specializing in Angular, Node.js, SQL Server, and TypeScript/JavaScript. I excel at building scalable applications, creating APIs, and developing responsive user interfaces. My background includes leading projects like payroll systems and optimizing workflows at **Icomm Technologies**. I am dedicated to delivering efficient, user-centered solutions through collaborative teamwork.
